

## NEW CLIENT APPLICATION

All new clients will be required to complete a "trial" day before they can come for daycare or boarding. The "trial" day will be a half day of daycare where the new pet will be slowly introduced to a supervised playgroup and evaluated for temperament.

It is our goal to provide an enjoyable, stress-free environment for ALL dogs, and we do have accommodations for dogs who do NOT benefit from social play. (older, aggressive)

Help us get to know your dog! Our mission is to provide a safe, fun environment for your dog, so please answer all questions honestly, so we can provide the best care for your pet!

**\*In addition to this form, ALL new clients must be current on distemper, rabies and bordatella vaccines, must be spayed or neutered if 6 mos of age or older and puppies must have had their second distemper booster and rabies by 16 weeks. You may provide copies of vet records, or we can contact your vet to attain these records.**

Name of dog? \_\_\_\_\_ Age when Spayed/Neutered \_\_\_\_\_

Age of dog? \_\_\_\_\_ How long have you owned pet? \_\_\_\_\_

Sex of dog? \_\_\_\_\_
